

THE INAUGURAL TMGG DISPATCH

Ideas move. Culture follows.

Welcome to the first issue of TMGG Dispatch - a monthly look at the creators, experiences, opportunities, and ideas moving through the TMGG Creator Ecosystem.

WELCOME TO WHAT'S NEXT

FROM TRUE MEDIA GLOBAL GROUP

One ecosystem. More ways to move.

TMGG connects media, music, film, live experiences, talent development, and technology so creators and partners can move from idea to audience with a coordinated team behind them.

Create

Turn stories, talent, and ideas into work audiences can experience.

Connect

Bring creators, collaborators, communities, and brands into one path.

Grow

Build capability, audience, ownership, and long-term opportunity.

FEATURED CREATOR

RBIII: a voice built to move people.

ARTIST / CREATOR / COLLABORATOR

RBIII - also known as RB3 - brings together soulful vocals, songwriting, performance, movement, and music education. A Howard University alumnus, his creative path is grounded in HBCU culture, healing, authenticity, and human connection.

FIRST TMGG ICON AWARD

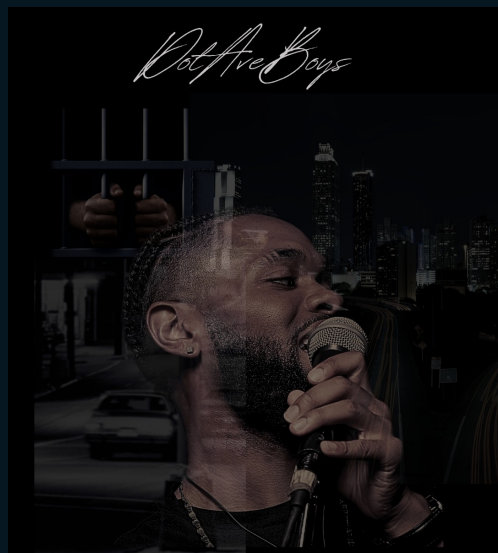

Why this story matters

RBIII's journey shows what coordinated development can look like: creative practice, live performance, media production, recognition, and community connection working together - with Howard and broader HBCU relationships creating pathways for future collaboration.

INSIDE THE ECOSYSTEM

From a moment to a movement.

The original launch celebration introduced the vision: build a connected media group where creators do not have to navigate development, production, distribution, audience growth, and opportunity alone.

01 Develop

Skills, story, strategy

02 Produce

Music, screen, live media

03 Distribute

Platforms and direct audience

04 Monetize

Offers, partners, opportunity

05 Learn

Data, feedback, fan signals

06 Reinvest

Catalog, capability, growth

THE CENTER OF THE FLYWHEEL

The artist. The audience. The intellectual property.
